## Influential Change Leadership: driving change with your organisation's leadership

Wednesday 16 March 2016, 7:30am – 9:00am

Join us for this great Breakfast event!

Want to be more influential? Move beyond the technical? Do you struggle to rise above the noise at work? Find it hard to negotiate outcomes with peers and people more senior than you?

If you want to make the most out of changing circumstances and gain greater traction at work, you need to be able to influence those around you. To be successful professionals need to move beyond a technical approach to their role - to a behavioural focus, and be equipped with the skills to motivate behaviour change, influence stakeholders and negotiate important business decisions.

Come along to our first PD event for 2016 and listen to our Speaker Michelle Gibbings share her knowledge and experience. Michelle will also be discussing her new book "*Step Up – How to build your influence at work*". *Step Up* details the key skills and practices that provide the foundation of influence and good leadership, as well as guidance on how to manage yourself and motivate behavioural change. Filled with relatable examples and practical advice, *Step Up* is a dynamic read for those looking to take greater ownership of their career.

You'll need to register early as places **are limited (and bookings are essential)** - [click here to register](#).

## About Our Speaker

Michelle is known for making the complex, simple. She is an expert in helping people, teams and organisations thrive in complex environments. She is the

author of "*Step Up – How to Build your influence at work*", and the Founder and Director of Change Meridian.

Michelle helps individuals, teams and organisations to think more deliberately, act more purposefully and accelerate progress by understanding the art and science of change.

With more than twenty years' experience in leading and guiding people through change in the public, private and not for profit sectors Michelle knows how to make change work in different personal and organisational contexts. Her expertise is underpinned by experience in designing and leading large scale organisational change having worked in senior leadership positions at some of Australia's largest organisations. Michelle has undergraduate degrees in Communications and Commerce, and a Masters in International Trade. She has a Graduate Certificate in Compliance Management and is certified by the International Federation of Compliance Associations. She is a Fellow of Finsia, and Associate Fellow of the Australian Institute of Management.

Michelle is a Graduate of the Australian Institute of Company Directors, and sits on the Board of the Arts Law Council of Australia.
